

SANCHAY JOSHI

Oracle SPOT award Volunteer Technical blogger					
Degree	Board	Institute	% / CGPA	Remarks	Year
B.Tech	Thapar	Thapar Institute, Patiala campus	8.91 / 10.00	Computer engineering	2023
Class XII	CBSE	Hansraj model school, Delhi	91.44 %	Science (PCM)	2019
Class X	CBSE	Hansraj model school, Delhi	10.00 / 10.00		2017
WORK EXPERIENCE (34 months)					
Associate Software Developer		Oracle India Private Limited		Aug'23-June'26	
Dynamic data visualizations Databases and metrics Productivity multiplier Mentor					
Recognitions	● Received Oracle SPOT award via contributing significantly during September 2023 and February 2024.				
Dynamic data visualizations	● Led development with 1 direct report of dynamic charts displaying customer information in the platform. ● Assisted in implementation of 4+ dynamic visualizations showing data for existing admins and customers ● Built a dynamic dashboard showing synthesized data of 3 mobile and 1 satellite connectivity providers.				
Databases and metrics	● Enhanced internal usage report generation of assets using Vodafone provider through dynamic queries. ● Smoothly migrated APIs used and user asset inactivity functionality from old to the new internal service ● Participated with team of 3 members in design and implementation of asset grouping and metrics feature				
Security and reliability	● Secured platform from outside influence by eliminating false-alerts vulnerability from 10+ microservices ● Decreased time to receive support from 4 connectivity vendors by implementing error logging framework ● Strengthened API testing process by driving the transition from command-line to graphical testing tools.				
UI / UX	● Automated visual error reporting process of tests to reduce time required for detecting failure and fixture. ● Increased data interactivity by enabling advanced dashboard filtering and exploration through 3+ pages . ● Ensured consistent data rendering across 3+ timezones by enabling multiple time-zone simulation testing.				
Productivity multiplier	● Contributed in AI adoption by recommending a locally deployed AI tool to improve prompting experience ● Wrote and synthesized 10 internal documents, centralizing sharing and distribution of known procedures. ● Increased local development efficiency for 20+ developers across 2 countries through tools and processes ● Reduced bug resolution time of 5+ DevOps members through automatic name labelling of CI/CD pipelines				
Mentorship and guidance	● Standardised bugfix execution across 3+ production environments by drafting runbook templates ● Reduced development readiness time of project interns of 2025 by guiding in onboarding and setup tasks ● Enabled a new hire to support in development and bug resolution through mentoring and guidance				
INTERNSHIPS					
Project Intern, Oracle India Private Limited	● Ensured a consistent service uptime by testing the behavior of 3 services in different scenarios ● Verified working of centralized library dependencies management framework across 2 services . ● Standardized instructions for complex setup of software development through virtual machines				2023
ACADEMIC ACHIEVEMENTS					
XAT	● Secured 95.8782 percentile in XAT among 1.42 Lakhs applicants (verbal ability - 93.20 percentile)				2025
JEE	● Secured 95.4199921 percentile with a rank of 51512 in JEE Main amongst 9.35 Lakhs candidates				2019
POSITIONS OF RESPONSIBILITY					
One-day Volunteer, Oracle Environment Focus Month	● Reduced plastic usage in assembling of a pen by using bio-degradable materials for pen's body ● Created vibrant educational posters to foster a bright learning environment for school students.				2025
Core Member, Thapar Amateur Astronomy Society	● Created and sustained curiosity amongst 40+ members of society's public communication forum ● Contributed in selecting team members from 2020 batch by conducting interviews for 3+ juniors ● Organized and conducted virtual events like quizzes, group discussions and photography events.				2021
EXTRA CURRICULAR ACTIVITIES					
Blog Hackernoon	● Wrote 3 technical articles on a public blogging forum with achieving readership of 3100 views .				2026
